MEET THE SPEAKERS

Keynote Speaker

Mr. Morinosuke Kawaguchi
Futurist

Morinosuke is an innovation and competitive strategy consultant, futurist and designer. He is the Founder and CEO of Morinoske Co. Ltd., a creative future laboratory based in Tokyo.

As Japan's foremost futurist, he serves as a strategy advisor to the Japanese government and to some of the world's largest multinationals. These organizations adopted Morinosuke's future-forecasting book series, *Megatrends*, as the basis for their future strategy.

Morinosuke is the inventor of the Morinoske Subculture-driven Innovation Model and the concept of Gross National Talent.

He is an award-winning author, whose books have been translated into four languages and which influence thinking and practice not only in Japan but in other countries as well.

Morinosuke is a sought-after keynote speaker at innovation forums and international conferences both in Japan and abroad. Yahoo Japan listed his TEDxTokyo Toilet Talks as one of the world's Top 5 presentations.
